

## THE ASSESMENT OF NEW CONSTRUCTION (Mendham Boro)

This is a general guideline on how permits are handled by the Tax Assessor's Office. When a building permit and/or Certificate of Occupancy is received from Building Department, it is categorized into one of the following groups for processing by the Assessor's Office. This is a general list of typical permit work and how it may impact the assessment. This list is not intended to be comprehensive, and work may fit into more than one category. Individual consideration of the actual work performed once complete may change the anticipated way the assessment will ultimately be handled.

**NOTE: Any questions in this regard should be directed to the Assessor's Office before the work is started**

<b><u>ASSESSABLE</u> – PROCESS IN CAMA</b> These items generally result in a change in property value. <i>&lt;Likely Added Assmt&gt;</i>	<b><u>NO CHANGE</u> – PROCESS IN CAMA</b> Items are logged into the Assmt System, no further action taken. <i>&lt;No Change in Assmt&gt;</i>	<b><u>NO CHANGE</u> – REVIEW ONLY</b> These permits are not tracked or logged by the Assessor. <i>&lt;No Change in Assmt&gt;</i>
New Bldgs	Sheds (100 sq ft or less)	Above Ground Pool
Additions & Alt (*)	Electrical Upgrade (new Service)	Fire / Smoke / Security Alarms
