

ACKNOWLEDGEMENTS

The 2006 Master Plan for Mendham Borough is the result of the dedicated effort of residents who serve on the various Boards, Commissions, and Services of Mendham Borough. Working with the Master Plan Committee, these people contributed to the content of this report to develop a vision for the Borough that reflects the goals of our residents. For this to be an effective planning tool, this plan must ultimately be turned into law through the adoption of ordinances by our governing body, the Borough Council.

The Master Plan has been developed under the professional guidance of our Borough Planner, Adrian Humbert, AICP/PP, our Borough Engineer, Paul Ferriero, PE, our Zoning Officer, Geoff Price, PE, our Traffic Consultant, Elizabeth Dolan, and our Planning Board Attorney, Peter Henry, Esq. The Planning Board wishes to acknowledge and extend its appreciation to all our professionals and to the following Boards and Commissions for their support and contributions to the 2006 Master Plan.
