DISCUSSION:

No-Parking Zone-Hilltop Road:
Mayor Henry took this item out of order in the agenda. Mr. Donald Eberhart, Hilltop Presbyterian Church, was present and asked for consideration of his request outlined in correspondence sent to the Mayor and Council. A draft resolution was also sent to the Borough Clerk for the Council’s review. The Mayor summarized the request for the establishing of a ‘no parking zone’ on Hilltop Road between the Hilltop House and Hilltop Elementary School. It was stated that the County Engineer, Steve Hammond was contacted since this is a county road, and he was updated on the unsafe condition. Mr. Hammond advised Mr. Eberhart to contact the governing body in Mendham and request adoption of a resolution requesting the county to consider establishing a ‘no parking zone’ at this location. Mr. Eberhart consulted with Mendham Borough Police Chief John Taylor after observing the traffic, parking and sight distances at the location.

The Council discussed limiting the no-parking to the hours of 8am-9am and 3pm-4pm. The governing body gave further consideration to business owners and the use of this location by customers, as well as making no parking at this location too restrictive.

Clarification that cars moving safely was the concern in the master plan, in response to a prior meeting concern over any restriction by the master plan at this location.

After Council discussion it was decided that the Borough Attorney will review the draft resolution submitted and present a similar version to the governing body for consideration at the next council meeting in July.

(Draft) Sign Ordinance:
There was a lengthy discussion, headed by Councilman Sharkey, of the sign ordinance draft distributed by the governing body.

The ad-hoc committee gave special consideration to LED signs, political/contractor temporary signs and created a matrix attached to the draft ordinance. There was agreement that the matrix created by the Borough Zoning Officer, Geoff Price made for ease of understanding this complex ordinance.

Enforcement of any neon tubing and LED signs that are presently in place before this ordinance is considered for introduction was discussed. A letter of compliance was suggested stressing that these signs have not received approval. As a follow up for non-compliance fines would be imposed.

A specific location of a farm market in the Borough and how to remediate the traffic issue was briefly discussed and concluded with referral for consideration by the Planning Board/Board of Adjustment.

A town sign board and a merchant’s sign at the Kings Supermarket location were discussed.

The number of signs permitted in a residential zone and the length of time a sign could be posted was discussed. It was discussed that 30 days from the issuance of a construction permit was a reasonable time frame. It was further suggested that this language be added to the construction permit form.

Atty. Semrau added that he has spoken with Charles McGroarty of Banisch and Associates on some of the changes to the sign ordinance. He feels that Mr. McGroarty should be given the opportunity to thoroughly review the ordinance and give his input. Mr. Semrau commented for the record that the Borough will have an excellent Planner with the appointment of Mr. McGroarty. Given time for review by the new Planner and the Planning Board this ordinance should be ready for introduction in the month of August.
