The Honorable Mayor and Members
 of the Borough Council
 Borough of Mendham
 County of Morris, New Jersey

The comprehensive annual financial report of the Borough of Mendham for the year ended December 31, 2016, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Borough of Mendham. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the Borough. All disclosures necessary to enable the reader to gain an understanding of the Borough's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the Borough's organizational chart and a roster of officials. The financial section includes the financial statements and schedules, as well as the auditors' report thereon. The statistical section includes selected financial and demographic information generally presented on a multi-year basis. The Borough may be required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"), and State Treasury Circular Letter 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Information related to this single audit, including the auditor's report on the internal control system and compliance with applicable laws and regulations and findings and recommendations, is included in the single audit section of this report. The Borough was not subject to the requirements of the Single Audit Act as federal and state award expenditures were each below the thresholds.

REPORTING ENTITY AND ITS SERVICES: The Borough of Mendham is an independent reporting entity within the criteria adopted by the Division of Local Government Services, State of New Jersey. All funds and account groups of the Borough are included in this report. The Borough of Mendham constitutes the Borough's reporting entity.

Mendham Borough is in scenic southern Morris County, adjacent to Bernardsville and Mendham Township. Morristown is 7 miles east and New York City is 40 miles east. State Route 24 and several county roads service the community. Interstate 287 is three miles southeast, Interstate 78 is nine miles south, and Interstate 80 is eight miles north.

The 2016 population is an estimated 5,001 in an area of six square miles. Of 1,500 housing units, 300 are townhouse units predominantly single family, owner-occupied residences, rental property is a very small portion of Borough housing which includes 40 senior citizen rental units. The range of assessed value of homes is \$274,100 to \$6,430,800 with a median value of \$575,300. In accordance with the Master Plan, current zoning consists of 1/4, 1/2, 1, 3 and 5 acre residential zones, business, limited business, and historic

business districts. The water supply is available to the entire community from a private company, and 80% of the population in the denser zoned areas are sewerred.

Other community services include six churches, a public library, a municipal ice skating area, athletic fields, tennis courts, picnic area, outdoor basketball courts, a senior citizen center, fire department, first aid squad, police force, a medical building, and a professional plaza. Most of the daily consumer goods and services are available in a shopping center which grosses an estimated \$20,000,000 annually, with other shops being located in the center of town. The municipality is served by the Peapack-Gladstone Bank, Provident Bank, Wells Fargo Bank, and Lakeland Bank.

While some residents work in local businesses, the Borough of Mendham is primarily a commuter community served by railroad from Morristown and Bernardsville, and express buses into Manhattan on a daily basis. While many large companies are located in this general area, Mendham remains a bedroom community. Many residents are professionals employed nearby at Atlantic Health Systems, Alcatel Lucent, Honeywell, Novartis, Verizon and AT&T.

LOCAL SCHOOL DISTRICT: About 597 students are enrolled at the two elementary schools (K-4 and Grades 5-8). The Mendham Borough School District is committed to education of the highest quality and the continuous improvement of programs and instruction. This is accomplished through individual and group instruction, guidance services, programs for the gifted and talented, and through utilization of up-to-date educational technology in classrooms and computer labs. Also, included in the curriculum are related arts (K-8) and a well-rounded co-curricular program. In addition, specialized services are provided to students in need. A positive working and learning environment is fostered by securing the cooperation of parents and community groups. Teachers of the highest quality are recruited and opportunities are provided for teaching staff members, students, and parents to make recommendations concerning the operation of the schools. Borough students continue to score above the state and national averages on the California Test of Basic Skills.

REGIONAL HIGH SCHOOL DISTRICT: Students in Grades 9-12 attend the West Morris Mendham High School, which is part of the West Morris Regional High School District. The West Morris Regional High School District continues to rank high on state and national tests, with students scoring well above the state and nation in S.A.T. scores. Over 88% of its students continue their formal education at two- or four-year colleges. Each of its two high schools has been accredited by the New Jersey State Department of Education, the Gilder Lehrman Institute of American History, and the International Baccalaureate Program. In addition, the District has been recognized by the national firm, School Match, as being in the top nine percent of the nation's schools in meeting parents' needs.

Through the years both District high schools have expanded/upgraded to meet the changing academic and technical needs of growing student populations and NJ State graduation requirements. A major renovation and expansion program completed in 2008 allows the District to continue fulfilling its mission.

UTILITIES: Water is supplied by a private company, New Jersey American Water Company. The water supply is adequate and is supplied by a half-million gallon commitment from the Morris County Municipal Utilities Authority and other sources. Sewer service is a municipal utility and operated on a self-supporting basis. Treatment is supplied by a modern activated sludge treatment plant of .45 million gallons per day permitted capacity, constructed in 1965. Gas is supplied by Public Service Electric & Gas Company under the jurisdiction of the State Board of Public Utilities. Electricity is supplied by Jersey Central Power & Light also under the jurisdiction of the Board of Public Utilities.

ECONOMIC CONDITION AND OUTLOOK: Mendham Borough has a population of about 5,001. It extends 6.7 square miles, and the Township of Mendham forms a horseshoe around it. It is primarily residential, except for the Mendham Village Shopping Center on Main Street and several small specialty stores and antique shops.

MAJOR INITIATIVES: The Borough accomplished much this past year. Among those accomplishments are the following:

- ❖ Styrofoam Recycling Day: Our Department of Public Works hosted our first Styrofoam recycling day. The event was set up as a shared service with Mendham Township. The respective Public Works Departments and Environmental Commissions worked well together to make this event a success.
- ❖ Paving Talmadge Road: We were able to complete the paving of the entire length of Talmadge Road. The project, which was partially subsidized by the New Jersey Department of Transportation, came in under budget.
- ❖ Procurement of Sidewalk Snow Plow: This new piece of equipment arrived just in time for Blizzard Jonas in January and was used by the Public Works Department to clear most of the sidewalks leading to the Hilltop School and Mountain View School.
- ❖ Balanced Municipal Budget: The Mayor and Council once again delivered a balanced budget which resulted in a very minimal tax increase in the municipal portion of the tax bill.
- ❖ New Ambulance: The Borough took delivery of a new ambulance and converted the older one going out of service into an emergency triage support vehicle. The vehicle presently sits outside the first aid bay.
- ❖ Completion of the Accreditation of the Police Department: The Rogers Group completed a multi-year review and update of our department's policies and procedures to bring them into line with national police standards.
- ❖ Receipt of County Grant Money to Complete the Scott Farm Trail: The County of Morris offered grant money to municipalities who had shovel-ready projects to construct trails. Funding was awarded to the Borough for construction of a loop trail around the Scott Farm Property on Mountainside Road which we acquired at the very end of 2015.

INTERNAL ACCOUNTING CONTROLS: Management of the Borough is responsible for establishing and maintaining an internal control system designed to ensure that the assets of the Borough are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with an other comprehensive basis of accounting as required state statute and regulation. The internal control system is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management. As a recipient of federal and state assistance, the Borough also is responsible for ensuring that an adequate internal control system is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by Borough management and would be tested if a single audit was required.

BUDGETARY CONTROLS: In addition to internal accounting controls, the Borough maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the governing body of the municipality. An annual appropriated budget is adopted for the current fund and the sewer utility operating fund. Project-length budgets are approved for the capital improvements accounted for in the general and sewer utility capital funds. The original and final budget amount as amended for the fiscal year is reflected in the financial section. An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are considered part of the statutory appropriation reserve balance on the Borough's balance sheet.

ACCOUNTING SYSTEM AND REPORTS: The Borough's accounting records reflect an other comprehensive basis of accounting as required by state statute and regulation. The accounting system of the Borough is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements," Note 1.

DEBT ADMINISTRATION: At December 31, 2016, the Borough had bonded debt as a result of a refunding bond sale in 2015 of \$3,355,000. The Borough also has temporary debt of \$1,753,920 in the form of bond anticipation notes. The Borough also has \$112,492 a loan from the State Green Acres Loan Program. In addition, the Borough has unissued capital debt of \$135,601 some of which the Borough plans to be issued as bond anticipation notes or to be funded through annual budget appropriations.

CASH MANAGEMENT: The investment policy of the Borough is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 2. The Borough has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

RISK MANAGEMENT: The Borough carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds. The Borough obtains the bulk of their insurance coverage through their participation in a risk-sharing public entity risk pool, the Morris County Municipal Joint Insurance Fund. This Fund is described in more detail in Note 9 "Risk Management" to the financial statements.

FINANCIAL INFORMATION AT YEAR-END: As demonstrated by the various statements and schedules included in the financial section of this report, the Borough continues to meet its responsibility for sound financial management. The following schedule presents a summary of the current fund and sewer utility operating fund revenue for the year ended December 31, 2016, and the amount and percentage of increases or decreases in relation to prior year revenue.

<u>Revenue</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase/ (Decrease) from 2015</u>	<u>Percent of Increase/ (Decrease)</u>
Fund Balance Anticipated	\$ 1,916,631	5.73%	\$ 66,106	3.57%
Sewer Rents	1,561,543	4.67%	(34,889)	-2.19%
Miscellaneous Revenue	1,054,931	3.16%	235,947	28.81%
Receipts from Delinquent Taxes	209,055	0.63%	49,410	30.95%
Amount to be Raised by Taxes for Support of Municipal Budget:				
Local Tax for Municipal Purposes Including Reserve for Uncollected Taxes	<u>6,405,531</u>	<u>19.17%</u>	<u>209,703</u>	<u>3.38%</u>
Municipal Budget Totals-Revenue	11,147,691	33.35%	526,277	4.95%
Nonbudget Revenue	369,104	1.10%	(40,657)	-9.92%
Other Credits to Income	560,649	1.68%	(200,681)	-26.36%
Taxes Allocated to Schools, County and Open Space Trust	<u>21,344,187</u>	<u>63.86%</u>	<u>470,657</u>	<u>2.25%</u>
Total	<u>\$ 33,421,631</u>	<u>100.00%</u>	<u>\$ 755,596</u>	

Generally, the revenue of the Borough has remained relatively stable with minor changes reflecting program or project changes to maintain service levels while keeping the cost to provide those services at a consistent rate.

The slight increase in fund balance reflects the Borough's conservative approach in anticipating fund balance and the Borough's attempt to stabilize and improve their fund balance position, while establishing and maintaining reserves and the Borough's strong financial position. The increase in budgeted revenue is primarily attributable to an increase in the Borough's collection of taxes and construction fees in 2016. The decrease in the other credits to income is the result of the Borough's conservative budgeting and expenditure policies and the unexpended balance of the operating budgets over the prior year. The increase in taxes allocated to schools, county and open space trust reflect increases in the required collections of property taxes, which are remitted to those entities.

The following schedule presents a summary of current fund and utility operating funds expenditures for the year ended December 31, 2016 and the percentage of increases or decreases in relation to prior year amounts.

<u>Expenditures</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase/ (Decrease) from 2015</u>	<u>Percent of Increase/ (Decrease)</u>
Current:				
General Government	\$ 2,370,654	7.49%	\$ 106,807	4.72%
Public Safety	2,072,341	6.55%	15,167	0.74%
Streets and Roads	1,027,497	3.25%	56,074	5.77%
Health and Welfare	97,946	0.31%	(331)	-0.34%
Recreation and Education	81,531	0.26%	(9,819)	-10.75%
Deferred Charges and Statutory Expenditures	710,043	2.24%	31,641	4.66%
Utility Operating	1,295,200	4.09%	38,559	3.07%
Capital	345,000	1.09%	(50,000)	-12.66%
Debt Service:				
Principal	1,146,891	3.62%	50,800	4.63%
Interest	149,141	0.47%	(30,551)	-17.00%
Reserve for Uncollected Taxes	723,885	2.29%	14,200	2.00%
Municipal Budget Totals-Expenditures	<u>10,020,129</u>	<u>31.66%</u>	<u>222,547</u>	<u>2.27%</u>
County Taxes	3,502,567	11.07%	(5,423)	-0.15%
Local and Regional School Taxes	17,732,026	56.04%	476,080	2.76%
Municipal Open Space Taxes	109,594	0.35%		0.00%
Other Expenditures	<u>280,072</u>	<u>0.89%</u>	<u>140,072</u>	<u>100.05%</u>
Total	<u>\$31,644,388</u>	<u>100.00%</u>	<u>\$ 833,276</u>	<u>2.70%</u>

The primary reason for the increase in expenditures was the increase in school taxes and construction office expenses along with the provisions for trust and capital reserves.

OTHER INFORMATION: Independent Audit - State statutes require an annual audit by independent registered municipal accountants. The accounting firm of Nisivoccia LLP, CPAs, RMAs, was selected by the Borough Council. In addition to meeting the requirements set forth in State statutes, the audit also was designed to meet the requirements of the *Government Auditing Standards*, issued by the Comptroller General of the United States, the Single Audit Act of 1996 and the related "Uniform Guidance" and State Treasury Circular Letter 15-08. The auditors' report on the financial statements and combining and individual fund statements and schedules is included in the financial section of this report.

ACKNOWLEDGMENTS: We would like to express our appreciation to the Mayor and Members of the Borough Council for their concern in providing fiscal accountability to the citizens and taxpayers of the Borough and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our staff.

Independent Auditors' Report

The Honorable Mayor and Members
of the Borough Council
Borough of Mendham
Mendham, New Jersey

Report on the Financial Statements

We have audited the financial statements – *regulatory basis* - of the various funds of the Borough of Mendham, in the County of Morris (the "Borough") as of and for the year ended December 31, 2016 and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") to demonstrate compliance with the Division's regulatory basis of accounting, and the budget laws of New Jersey; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed or permitted by the Division, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Borough's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

The Honorable Mayor and Members
of the Borough Council
Borough of Mendham

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, these financial statements have been prepared by the Borough on the basis of accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for the Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund and account group of the Borough as of December 31, 2016, or the changes in financial position or where applicable, cash flows thereof for the year then ended.

Basis for Qualified Opinion

The Borough's general fixed assets account group is stated at historical cost or estimated historical cost in the accompanying financial statements. We were unable to obtain sufficient evidence to support the cost of the fixed assets of the general fixed assets account group. As more fully described in Note 1, due to the length of time over which these fixed assets were acquired, it is not practical to determine their actual costs. Therefore, based upon the underlying accounting records, we have not audited the general fixed assets account group.

Qualified Opinion on Regulatory Basis of Accounting

In our opinion, except for the effects on the December 31, 2016 financial statements of the matter described in the *Basis for Qualified Opinion* paragraph, the financial statements referred to above, present fairly, in all material respects, the financial position of the various funds and account group of the Borough at December 31, 2016, and the results of operations and changes in fund balance, where applicable, of such funds, thereof for the year then ended, on the basis of the accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, as described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements of the various funds that collectively comprise the Borough's financial statements. The supplementary data schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedules of expenditures of federal and state awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and New Jersey's OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, are presented for purposes of additional analysis and are not a required part of the financial statements.

The Honorable Mayor and Members
of the Borough Council
Borough of Mendham

Other Matters

Other Information

The combining and individual fund and account group statements and schedules and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund and account group statements and schedules and the schedules of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 9, 2017 on our consideration of the Borough's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough's internal control over financial reporting and compliance.

BOROUGH OF MENDHAM
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

Except as noted below, the financial statements of the Borough of Mendham include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Mendham, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Borough of Mendham do not include the operations of the volunteer fire company and rescue squad.

Governmental Accounting Standards Board ("GASB") Codification Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with a primary government are such that exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A legally separate, tax-exempt organization should be reported as a component unit of a reporting entity if all of the following criteria are met: (1) The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents. (2) The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization. (3) The economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government. As the financial reporting entity was established in accordance with New Jersey statutes, the requirements of GASB Codification Section 2100 were not followed and, accordingly, the reporting entity could be different from accounting principles generally accepted in the United States of America.

B. Description of Funds

The accounting policies of the Borough of Mendham conform to the accounting practices applicable to municipalities which have been prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough of Mendham accounts for its financial transactions through the following separate funds:

Current Fund - Resources and expenditures for governmental operations of a general nature, including federal and state grant funds which are not accounted for in another fund.

Trust Funds - Receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - Receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Note 1: Summary of Significant Accounting Policies (Cont'd)

B. Description of Funds (Cont'd)

Utility Operating Fund - Account for the operations of the municipally owned Sewer Utility.

Utility Capital Fund - Account for the acquisition of capital facilities of the Sewer Utility.

General Fixed Assets Account Group (Unaudited) - These accounts were established with estimated values of land, buildings and certain fixed assets of the Borough as discussed under the caption "Basis of Accounting".

C. Basis of Accounting

Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The more significant accounting policies in New Jersey follow.

Revenue is recorded when received in cash except for certain amounts which may be due from the State of New Jersey. Federal and state grants are generally recognized on the cash basis except for certain assistance which is not realized until anticipated in the Borough's budget. The amounts recorded as property taxes and consumer accounts receivable have not been included in revenue. Amounts that are due to the municipality, which are susceptible of accrual, are recorded as receivables with offsetting reserves in the Current Fund.

Expenditures are charged to operations generally based on budgeted amounts. Exceptions to this general rule include:

1. Accumulated unpaid vacation, sick pay and other employee amounts are not accrued.
2. Prepaid expenses, such as insurance premiums applicable to subsequent periods, are charged to current budget appropriations in total.
3. Principal and interest on long-term debt are recognized when due.

Expenditures, if any, in excess of appropriations, appropriation reserves or ordinances become deferred charges which must be raised by future taxes. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements and constitute part of the statutory appropriation reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

The cash basis of accounting is followed in the Trust and Capital Funds.

Note 1: Summary of Significant Accounting Policies (Cont'd)

C. Basis of Accounting (Cont'd)

Had the Borough's financial statements been prepared under generally accepted accounting principles, encumbrances would not be considered as expenditures; appropriation reserves would not be recorded; revenue susceptible to accrual would have been reflected without offsetting reserves; Federal and State grants and assistance would be recognized when earned, not when received, and inventories would not be reflected as expenditures at the time of purchase, investments would generally be recorded at fair value, and the Borough's net pension liability and related deferred inflows and outflows would be recorded.

D. Deferred Charges to Future Taxation – The General Capital Fund balance sheet includes both funded and unfunded deferred charges. Funded means that bonds or loans have been issued and are being paid off on a serial basis. Unfunded means that debt has been authorized but not permanently financed. A municipality can eliminate an unfunded deferred charge by raising it in the budget, by collecting a grant, or by selling bonds.

E. Other significant accounting policies include:

Management Estimates – The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents – Amounts include petty cash, change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

Investments – Investments, if any, are stated at cost.

Grants Receivable – Grants receivable represent total grant awards less amounts collected to date. Because the amount of grants funds to be collected are dependent on the total costs eligible for reimbursement, the actual amount collected may be less than the total amount awarded.

Allowance for Uncollectible Accounts – No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

Compensated Absences – Expenditures relating to unused vested accumulated vacation and sick pay are not recorded until paid.

Foreclosed Property - Foreclosed Property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Note 1: Summary of Significant Accounting Policies (Cont'd)

E. Other significant accounting policies include:

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories are not included on the various balance sheets.

Fixed Assets (Unaudited) - Property and equipment purchased by the Current and General Capital Funds are recorded as expenditures at the time of purchase and are not capitalized. Property and equipment purchased by the Sewer Utility Fund is recorded in the Sewer Utility Capital Fund at cost and are not adjusted for dispositions and abandonments. The Utility Fund does not record depreciation.

General Fixed Assets Account Group (Unaudited)

General fixed assets are recorded at cost except for land and buildings which are recorded at estimated historical cost. Infrastructure assets are not included in general fixed assets, as per state directive. Major renewals and betterments are charged to the asset accounts; maintenance and minor repairs and replacements, which do not improve or extend the lives of the respective assets, are expensed currently. Donated fixed assets are valued at their fair market value on the date donated. No depreciation has been provided on general fixed assets. The total value recorded for general fixed assets is offset by a "Reserve for General Fixed Assets". When properties are retired or otherwise disposed of, the asset and the reserve are adjusted accordingly. Fixed assets may also be recorded in the Current Fund and Capital Funds. The values recorded in the General Fixed Asset Account Group and the Current and Capital Funds may not always agree due to differences in valuation methods, timing of recognition of assets, and the recognition of infrastructures. Fixed assets are reviewed for impairment.

- F. Budget/Budgetary Control – Annual appropriated budgets are usually prepared in the first quarter for Current, operating utility, and Open Space Trust Funds. The budgets are submitted to the governing body and the Division of Local Government Services. Budgets are prepared using the cash basis of accounting. The legal level of budgetary control is established at the line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the flexible chart of accounts referenced in N.J.S.A. 40A. All budget amendments/transfers must be approved by the Borough during the year.

Note 2: Cash and Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds, amounts in deposit, and short-term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Borough classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

Note 2: Cash and Cash Equivalents and Investments (Cont'd)

GASB Statement No. 40 *Governmental Accounting Standards Board Deposit and Investment Risk Disclosures* requires disclosure of the level of custodial credit risk assumed by the Borough in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial risk is the risk that in the event of bank failure, the government's deposits may not be returned.

Interest Rate Risk – In accordance with its cash management plan, the Borough ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The Borough limits its investments to those authorized in its cash management plan which are permitted under state statutes as detailed below.

Custodial Credit Risk – The Borough's policy with respect to custodial credit risk requires that the Borough ensures that Borough funds are only deposited in financial institutions in which New Jersey municipalities are permitted to invest their funds.

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC), or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5% of the average daily balance of public funds; and in addition

If the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Investments

New Jersey statutes permit the Borough to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;

Note 2: Cash and Cash Equivalents and Investments (Cont'd)

Investments (Cont'd)

- (4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;
- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division for investment by local units;
- (6) Local government investment pools;
- (7) Deposits with the State of New Jersey Cash Management Fund; or
- (8) Agreements for the repurchase of fully collateralized securities if:
 - (a) the underlying securities are permitted investments pursuant to (1) and (3) above;
 - (b) the custody of collateral is transferred to a third party,
 - (c) the maturity of the agreement is not more than 30 days;
 - (d) the underlying securities are purchased through a public depository as defined in statute;
 - (e) a master repurchase agreement providing for the custody and security of collateral is executed.

As of December 31, 2016, cash and cash equivalents of the Borough consisted of the following:

<u>Fund</u>	<u>Cash on Hand</u>	<u>Money Market</u>	<u>Checking Accounts</u>	<u>Total</u>

Note 4: Long-Term Debt

The Local Bond Law governs the issuance of bonds to finance general Borough capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. All bonds issued by the Borough are general obligation bonds. The Borough's full faith and credit and taxing power have been pledged to the payment of general obligation debt principal and interest.

A. Public Employees' Retirement System (PERS)

Plan Description

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about the PERS, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrprts.shtml.

Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members enrolled prior to July 1, 2007
2	Members eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 with 25 or more years of service credit before age 62 and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Contributions

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing members. The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such

employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets. Borough contributions to PERS amounted to \$149,569 for 2016.

The employee contribution rate was 7.06% effective July 1, 2015 and increased to 7.20% effective July 1, 2016. Subsequent increases after October 1, 2011 are being phased in over 7 years effective on each July 1st to bring the total pension contribution rate to 7.5% of base salary as of July 1, 2018.

Pension Liabilities and Pension Expense

At June 30, 2016, the Borough's liability was \$5,417,515 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2015 which was rolled forward to June 30, 2016. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2016, the Borough's proportion was 0.018%, which was an decrease of 0.001% from its proportion measured as of June 30, 2015.

For the year ended December 31, 2016, the Borough recognized actual pension expense in the amount of \$149,569

Actuarial Assumptions

The total pension liability for the June 30, 2016 measurement date was determined by an actuarial valuation as of July 1, 2015 which was rolled forward to June 30, 2016. This actuarial valuation used the following actuarial assumptions:

Inflation Rate	3.08%
Salary Increases:	
Through 2026	1.65 – 4.15% based on age
Thereafter	2.65 – 5.15% based on age
Investment Rate of Return	7.65%

Pre-retirement mortality rates were based on the RP-2000 Employee Pre-retirement Mortality Table for male and female active participants. For local employees, mortality tables are set

back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward one year for females).

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS' target asset allocation as of June 30, 2016 are summarized in the following table:

Discount Rate

The discount rate used to measure the total pension liability was 3.98% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65% and a municipal bond rate of 2.85% as of June 30, 2016 based on the Bond Buyer Go 20 Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based upon the contribution rate in the most recent fiscal year. The local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2034. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2034, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Plan Description

The State of New Jersey, State of New Jersey Police and Firemen's Retirement System (PFRS), is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey Division of Pensions and Benefits (the Division). For additional information about the PFRS, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrpts.shtml.

Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:16A. The PFRS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for disability benefits, which vest after 4 years of service. The following represents the membership tiers for PFRS:

2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual amounts over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of the assets.

Special Funding Situation

Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan (except for employer specified financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net pension liability that is associated with the local participating employer. The June 30, 2016 State special funding situation net pension liability amount is the accumulated difference between the annual actuarially determined State obligation under the special funding situation and the actual State contribution through the valuation date. The State special funding situation pension expense for the fiscal year ended June 30, 2016 is the actuarially determined contribution amount that the State owes for the fiscal year ending June 30, 2016. The pension expense is deemed to be a State administrative expense due to the special funding situation.

Borough contributions to PFRS amounted to \$303,773 for the year ended December 31, 2016. During the fiscal year ended June 30, 2016, the State of New Jersey contributed \$66,294 to the PFRS for normal pension benefits on behalf of the Borough, which is less than the contractually required contribution of \$220,980.

The employee contributions for PFRS are 10.00% of employees' annual compensation, as defined.

Pension Liabilities and Pension Expense

At June 30, 2016, the Borough's liability for its proportionate share of the net pension liability was \$7,117,076. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2015 which was rolled forward to June 30, 2016. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2016, the Borough's proportion was 0.037%, which was a decrease of 0.003% from its proportion measured as of June 30, 2015.

Additionally, the State's proportionate share of the net pension liability attributable to the Borough is \$597,658 as of June 30, 2016. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2015 which was rolled forward to June 30, 2016. The State's proportionate share of the net pension liability associated with the Borough was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2016, the State's proportion was 0.037%, which was a decrease of 0.003% from its proportion measured as of June 30, 2015 which is the same proportion as the Borough's.

Actuarial Assumptions

The total pension liability for the June 30, 2016 measurement date was determined by an actuarial valuation as of July 1, 2015 which was rolled forward to June 30, 2016. This actuarial valuation used the following actuarial assumptions:

Inflation Rate	3.08%
Salary Increases:

Pre-retirement mortality rates were based on the RP-2000 Pre-retirement mortality tables projected thirteen years using Projection Scale BB and then projected on a generational basis using the plan actuary's modified 2014 projection scales. Post-retirement mortality rates for male service retirements and beneficiaries are based on the RP-2000 Combined Healthy Mortality Tables projected one year using Projection Scale AA and two years using the plan actuary's modified 2014 projection scales, which was further projected on a generational basis using the plan actuary's modified 2014 projection scales. Post-retirement mortality rates for female service retirements and beneficiaries are based on the RP-2000 Combined Healthy Mortality Tables projected thirteen years using Projection Scale BB and then two years using the plan actuary's modified 2014 projection scales, which was further projected on a generational basis using the plan actuary's modified 2014 projection scales. Disability retirement rates were based on the special mortality tables used for the period after disability retirement.

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2013.

Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Discount Rate – PFRS

The discount rate used to measure the total pension liability was 5.55% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65% and a municipal bond rate of 2.85% as of June 30, 2016 based on the Bond Buyer Go 20 Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 30% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2050. Therefore, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through 2050, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Vesting is immediate upon enrollment for members of the DCRP.

The Treasury issues publicly available financial reports that include the financial statements and required supplementary information of the DCRP. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625-0295.

Employers are required to contribute at an actuarially determined rate. Employee contributions are based on percentages of 5.50% for DCRP of employees' annual compensation, as defined. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

For DCRP, the Borough had no employees covered during 2016 and did not recognize pension expense for 2016. There were also no employee contributions to DCRP for 2016.

Note 6: Other Post-Employment Benefits

In addition to the pension benefits described in Note 5, the Borough provides other post-employment benefits to certain employees after retirement, substantially similar in nature to the health benefits provided to employees presently working

The Borough contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq. to provide health benefits to State employees, retirees, and their dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP.

In accordance with the Borough's resolution, Borough employees are entitled to the following benefits:

Municipal and Police Employees:

Married Borough employees retiring at age 62 or older who have accumulated 15 years or more of uninterrupted service, or under age 62 with 25 years or more, are entitled to fifty percent of the premium for hospital and surgical health insurance family coverage to be paid by the Borough. Single employees retiring at age 62 or older who have accumulated 15 years or more of uninterrupted service, or under age 62 with 25 years or more, are entitled to one hundred percent of the premium for hospital and surgical insurance individual coverage to be paid by the Borough. All years of qualifying service must be with the Borough of Mendham.

Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to:

State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295.

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis. Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the Borough on a monthly basis.

Note 6: Other Post-Employment Benefits (cont'd)

In the event an employee qualifying under these conditions is eligible for Medicare coverage with supplemental coverage, the total cost of which amounts to less than fifty percent of the cost of the premium for hospital and surgical health insurance family coverage, or less than the cost of the premiums for hospital and surgical insurance individual coverage presently supplied by the Borough to its employees, such employee will be required to enroll in the Medicare supplemental coverage program, the cost of which will be reimbursable by the Borough.

The Borough's portion of post-retirement benefits is funded on a pay-as-you-go basis from the Current Fund operating budget. During 2016 the Borough had nine retirees who met the eligibility requirements and recognized expenditures in the amount of \$71,606.

Note 7: Accrued Sick and Vacation Benefits

The Borough of Mendham does not permit its employees to accrue unused vacation and sick pay. However, the Borough does permit certain employees to accrue compensatory time off up to 60 hours for a lifetime total. This compensatory time is not eligible to be paid to the employee at separation of employment.

Note 8: Selected Tax Information

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th, along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1. The final tax bills are also divided into two due dates, August 1 and November 1. A ten-day grace period is usually granted before the taxes are considered to be delinquent and the imposition of interest charges is made. A penalty may be assessed for any unpaid taxes in excess of \$10,000 at December 31 of the current year. Unpaid taxes of the current year may be placed in lien at a tax sale held after December 10.

Note 8: Selected Tax Information (cont'd)

Comparison of Tax Levies and Collections Currently

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

<u>Year</u>	<u>Tax Levy</u>	<u>Currently</u>	
		<u>Cash Collections</u>	<u>Percentage of Collection</u>
2016	\$ 27,195,334	\$ 27,025,833	99.37%
2015	26,604,349	26,359,672	99.08%
2014	25,946,411	25,748,324	99.23%

Also, increases in future tax levies can also be warranted if revenue sources outside of those directly generated by the municipality, such as federal or state aid, should decline without corresponding decreases in budgeted expenditures.

Note 9: Risk Management

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters. The Borough obtains property, general and automotive liability, and workers' compensation coverage through its participation in the joint insurance fund as described below.

The Borough of Mendham is currently a member of the Morris County Municipal Joint Insurance Fund (the "Fund"). The Fund provides its members with Liability, Property, Environmental, Public Officials and Employer Practices, and Workers' Compensation Insurance. The Fund is a risk-sharing public entity risk pool that is both an insured and self-administered group of governmental entities established for the purpose of providing low-cost insurance coverage for their respective members in order to keep local property taxes at a minimum. Each member appoints an official to represent their respective entity for the purpose of creating a governing body from which officers for the Fund are elected.

As a member of the Fund, the Borough could be subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities. The Fund can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body.

New Jersey Unemployment Compensation Insurance

The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State. The following is a summary of Borough contributions, employee contributions, interest earned, reimbursements to the State for benefits paid and the ending balance of the Borough's expendable trust fund for the current and previous two years.

<u>Fiscal Year</u>	<u>Borough Contributions</u>	<u>Employee Contributions</u>	<u>Interest Earned</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>

Note 10: Fund Balances Appropriated

Fund balances at December 31, 2016, which has been appropriated and included as anticipated revenue for the year ending December 31, 2017 are \$1,508,817 for the Current Fund and \$451,292 for the Sewer Utility Operating Fund.

	<u>\$ 8,095,999</u>	<u>\$ -0-</u>	<u>\$ 8,095,999</u>

Note 12: Commitments and Contingencies

Claims and Other Legal Proceedings

The Borough is periodically involved in lawsuits arising in the normal course of business, including claims for property damage, personnel litigation, personal injury, disputes over contract awards and property tax assessment appeals. The Borough is involved in property tax assessment appeals which are pending at the Tax Court of New Jersey. The Borough has established a reserve for litigation at December 31, 2016 in the amount of \$460,000. In the opinion of management, the ultimate outcome of these lawsuits will not have a material adverse effect on the Borough's financial position as of December 31, 2016.

Amounts received or receivable from grantors, principally the federal and state governments are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the Borough as revenue would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although Borough officials expect such amounts, if any, to be immaterial.

The Borough has received approval by the New Jersey Department of Environmental Protection for the closure of the Borough's sanitary landfill. The landfill has not received municipal waste for several years. The Borough has set aside \$1,056 in the Other Trust Funds. Ultimate costs of the closure of the landfill will likely exceed the funds held; however, no estimate can be made at this time, it is expected that this project will be funded by a capital ordinance when the Borough proceeds with the project.

Note 13: Sale of Water Utility Assets

During 1993, the Borough sold the fixed assets of the Water Utility to New Jersey American Water Company, Inc. (the "Company"). The Company operates the water system as a private water company. The Borough liquidated the assets of the Water Utility and dissolved the Fund in 1998. The assets of the water utility were divided between the current fund and the sewer utility operating fund. The Current Fund has a reserve for escrow deposits-sale of water utility assets of \$176,421 on its balance sheet at December 31, 2016.

Note 14: Other Reserves

Reserves on the balance sheet of the Current Fund at December 31, 2016, consisted of the following:

Litigation	\$ 460,000
Unappropriated Reserves	70,650
Master Plan	2,541
Sale of Municipal Assets	337,757
Revaluation	11,319
Pending Tax Appeals	485,226
Escrow Deposits - Sale of Water Utility Assets	176,421
	<u>\$ 1,543,914</u>

Note 15: Economic Dependency

The Borough receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Borough's programs and activities.

Note 16: Open Space Trust Fund

The Borough created an Open Space Trust Fund with a maximum tax levy of \$.02 per \$100 of assessed valuation in 1999. The funds collected are used to acquire and maintain open space, historical preservation and farm land property in the Borough. The balance in the Open Space Trust Fund at December 31, 2016 was \$821,850.

BOROUGH OF MENDHAM
NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS
YEAR ENDED DECEMBER 31, 2016

A. BASIS OF PRESENTATION

The accompanying schedules of expenditures of federal and state awards (the "Schedules") include the federal and state grant activity of the Borough of Mendham under programs of the federal and state governments for the year ended December 31, 2016. The information in these schedules is presented in accordance with the requirements of the Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and New Jersey's OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Because the schedules present only a selected portion of the operations of the Borough, they are not intended to and do not present the financial position, changes in fund balance or cash flows of the Borough

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the accompanying Schedules of Expenditures of Federal and State Awards are presented using the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement. Negative amounts, if any, shown on the Schedules represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through identifying numbers are presented where available. . The Borough has elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

C. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

D. STATE LOAN OUTSTANDING

The Borough has the following loan outstanding as of December 31, 2016:

Green Acres Program	\$112,492
---------------------	-----------

The Borough is in the process of repaying this loan. There were no loan receipts or expenditures in the current year. The project related to the loan is complete.

Report on Internal Control Over
 Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements
 Performed in Accordance with *Government Auditing Standards*

Independent Auditors' Report

The Honorable Mayor and Members
 of the Borough Council
 Borough of Mendham
 Mendham, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements - *regulatory basis* - of the various funds of the Borough of Mendham, in the County of Morris (the "Borough") as of, and for the year ended, December 31, 2016 and the related notes to the financial statements and have issued our report thereon dated June 9, 2017. These financial statements have been prepared in accordance with accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting, and the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America. That qualified report also indicated that we did not audit the general fixed assets account group.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Borough's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Borough's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal

control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Responses as Findings 2016-01, and 2016-02 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Borough's Response to the Findings

The Borough's response to the findings identified in our audit is described in the accompanying Schedule of Findings and Responses. The Borough's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BOROUGH OF MENDHAM
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED DECEMBER 31, 2016

Summary of Auditors' Results:

- The Independent Auditors' Report expresses a qualified opinion on the Borough's financial statements, prepared in accordance with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, as the general fixed assets account group was not audited.
- Significant deficiencies disclosed during the audit of the financial statements are reported in the *Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards*. No material weaknesses are reported.
- No instances of noncompliance material to the financial statements of the Borough which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
- The Borough was not subject to the single audit provisions of the Uniform Guidance and New Jersey OMB's Circular 15-08 for the year ended December 31, 2016 as both state and federal grant expenditures were less than the single audit thresholds of \$750,000.

Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards:

- The audit disclosed the following significant deficiencies required to be reported under Generally Accepted Government Auditing Standards:

Finding 2016-1

The Borough does not maintain an adequate segregation of duties with respect to the recording and treasury functions. Segregation of duties refers to separating those functions that place too much control over a transaction or class of transactions that would enable a person to perpetuate errors and prevent detection within a reasonable period of time. The various departments/offices of the Borough are responsible for the issuance of permits and licenses; collection of taxes, and permit and license fees; recording of collections; and processing of payroll. This is due, in part, to the limited number of personnel of the Borough and the decentralized nature of governmental collection procedures. Accordingly, the duties of personnel involved with both the recording and treasury functions should be reviewed to determine whether duties can be reassigned to existing personnel in order to improve the segregation of duties.

Finding 2016-2

The Borough does not maintain a fixed assets accounting and reporting system. A fixed asset accounting and reporting system is required to be in compliance with the Division's accounting requirements. A fixed assets accounting and reporting system would be used to identify assets held by the Borough, their cost, acquisition date, location, and other pertinent information. In addition to maintaining records of acquisitions, disposals and movement of fixed assets, the system could possibly be used to aid in the planning for replacement of assets.

Management's Response

The findings were evaluated, however due to budgetary constraints no resolution can be made at this time. We will continue to monitor these two areas and look for ways to make improvements using the funds available to the Borough.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
FOR THE YEAR ENDED DECEMBER 31, 2016

The Borough had two findings in the prior year and those findings are repeated for the current year as listed on the Schedule of Findings and Responses.

**COMMENTS AND RECOMMENDATIONS
SECTION**

BOROUGH OF MENDHAM
COMMENTS AND RECOMMENDATIONS

Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4

N.J.S. 40A:11-3 states:

a. " When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1071, c.198 (C.40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, c.198 (C.40A: 11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.

c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L.1999, c.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L.1971, c.198 (C.40A11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made."

N.J.S. 40A: 11-4 states: "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

Effective January 1, 2011, the bid threshold in accordance with N.J.S. 40A:11-4 is \$17,500.

The governing body of the Borough of Mendham has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year and where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Attorney's opinion should be sought before a commitment is made.

Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4 (Cont'd)

The minutes indicated that bids were requested by public advertising per N.J.S. 40A:11-4. The minutes also indicated that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services," per N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. None were noted.

Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent. In January 2016, the governing body adopted a resolution authorizing interest to be charged on delinquent taxes including the following:

BE IT RESOLVED by the Mayor and Council of the Borough of Mendham, County of Morris, and State of New Jersey, that the rate of interest on unpaid taxes shall be eight percent (8%) per annum on the first One Thousand Five Hundred (\$1,500) Dollars of delinquency and 18 percent (18%) per annum on any amount of delinquency in excess of One Thousand Five Hundred (\$1,500) Dollars to be calculated from the date the tax was payable until the date of actual payment; and

BE IT FURTHER RESOLVED, that the rate of interest on unpaid sewer bills shall be eight percent (8%) per annum to be calculated from the date the tax was payable until the date of actual payment, provided that no interest shall be charged if payment of any bill is made within thirty (30) days following the billing date, and

BE IT FURTHER RESOLVED, that in addition to the interest provided above, on all delinquencies of taxes and municipal charges in excess of Ten Thousand (\$10,000) Dollars and which are not paid prior to the end of the fiscal year; the Tax Collector shall also collect a penalty of six percent (6%) of the amount of the delinquency in addition to the interest herein above provided.

It appears from a test examination of the Collector's records that interest was generally collected in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

A tax sale was held during the year ended December 31, 2016. All eligible properties were included in the sale.

BOROUGH OF MENDHAM
COMMENTS AND RECOMMENDATIONS
(Continued)

Delinquent Taxes and Tax Title Liens (Cont'd)

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years:

<u>Year</u>	<u>Number of Liens</u>
2016	2
2015	2
2014	2

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

<u>Type</u>	<u>Number Mailed</u>
Payments of 2016 Taxes	25
Payments of 2017 Taxes	25
Delinquent Taxes	10
Payments of Sewer Utility Charges	5
Delinquent Sewer Utility Charges	10

Verification notices were mailed to confirm balances as of December 31, 2016. The items that were returned were checked and in agreement with the Borough's records. For items not returned, alternative procedures were performed, as appropriate.

New Jersey Administrative Code Accounting Requirements

The Division of Local Government Services has established three (3) accounting requirements which are prescribed in the New Jersey Administrative Code. They are as follows:

1. Maintenance of an encumbrance accounting system.
2. Fixed asset accounting and reporting system.
3. General ledger accounting and recording system.

The Borough is in compliance with the New Jersey Administrative Code accounting requirements at December 31, 2016, except for the fixed assets records more fully described in the preceding Schedule of Findings and Responses.

Management Suggestions

Deferred Compensation Plans

The Borough has a fiduciary responsibility to its employees related to the deferred compensation plan offered by the Borough. The Borough should consider a periodic review of the benefits, features, costs, and performance of its deferred compensation plan and make that information available to employees to assist employees in making suitable choices for investing their retirement funds while fulfilling the Borough's fiduciary responsibilities.

Cyber Security

Cybercrime has become much more prevalent in the last few years. Websites and internal networks, including personally identifiable information ("PII"), have been hacked and resulted in significant losses to organizations, both financial and reputational. We suggest that the Borough consider options to test and protect the Borough from cybercrime.

Corrective Action Plan

The Borough has initiated a corrective action plan to resolve comments and recommendations from the 2015 audit report. The recommendations regarding segregation of duties and fixed assets are repeated from the 2015 report.

BOROUGH OF MENDHAM
SUMMARY OF RECOMMENDATIONS

It is recommended that:

1. An adequate segregation of duties be maintained with respect to the recording and treasury functions.
2. The Borough implement a fixed assets accounting and reporting system.
